PURPOSE/DESCRIPTION FOR LAND USE PERMIT:

Upon receipt of any Land Use Permit Application, the Zoning Administrator or designated official shall review to determine whether it is in proper form, contains all of the required information and shows compliance with the ordinance. The Zoning Administrator or designated review official shall, within fifteen (15) days, grant approval in writing or deny approval in writing, setting forth in detail which shall be limited to any defect in form or required information, any violation of any provision of this ordinance, and any changes that would make the plan acceptable. In determining compliance with this ordinance, the Zoning Administrator or designated official shall take into consideration the requirements of the Zoning Ordinance. In cases where compliance with these requirements is not demonstrated, the Zoning Administrator or designated official shall deny the approval of the plan. The applicant may appeal any denial to the Zoning Board of Appeals.

No person shall commence to erect, alter, and repair any non-conforming structure without first obtaining zoning compliance. No use shall be carried on, nor construction undertaken, except as shown upon an approved Land Use Permit. Plans shall be submitted to the Zoning Administrator or designated official.
