

“FIGHT THE BLIGHT”

On April 27, 2024, the Iron River Police Department (IRPD) will be in your neighborhood! The IRPD will be patrolling every street in the City of Iron River to promote the “Fight the Blight” campaign.

Starting around 9 a.m., Officers will be driving or walking down your street looking at your home, business, or property for blight issues. Officers will knock on your door, and explain the blight issue you have on your property, and encourage you to obtain compliance in a timely manner. The City and IRPD, do not want to write citations for blight, but if compliance isn't met, you may receive a citation.

The City's Spring Clean-Up Large Item Disposal Day will be on May 11th from 8 a.m.-12 p.m.

We are striving to restore our community pride and continue to promote our City for our current and future businesses, residents and visitors.

Year after year, our City is looking better, including the many businesses along US-2 that have painted, resided, tore down buildings or hung a new sign promoting their business.

Let's continue to work together to improve our City.

Chief Curt T. Harrington

Blight Ordinance – Section 91.15, Section 91.99
